

Take Control of Your Future

Having an estate plan in place is about more than where your money will go. **An estate plan provides assurance and security** for your family.

The Kansas Methodist Foundation offers a **free estate planning guide** to assist in creating your will and other documents. Once the guide is finished, it can be taken to a local attorney to complete your final documents. Often the **cost of creating an estate plan is cheaper** than you might think, only a few hundred dollars, depending on your location.
