Churches and organizations may choose their desired asset allocation from five investment pools – Balanced Fund, Equity Fund, U.S. Equity Index Fund, Fixed Income Fund, and Short Term Income Fund. Each of these diversified investment pooled funds is tailored to meet a particular investment goal, and each pool maintains a strategic allocation among a variety of asset types and markets.
  - (a) Balanced Fund: The Balanced Fund objective is to provide a simple option for long-term, global-diversified investments. The fund seeks to maximize the long-term investment returns, including current income and capital appreciation, while reducing short-term risk by investing in a broad mix. The Fund has a pre-specified allocation of units with a target mix of 25% U.S. Equity Fund, 20% U.S. Equity Index Fund, 20% International Equity Fund, and 35% Fixed Income Fund.
  - (b) Equity Fund: The Equity Fund, made up of all equities (stocks), seeks to earn long-term capital appreciation primarily from a broadly diversified portfolio of domestic and international equities, with a target mix of 40% U.S. Equity Fund, 30% U.S. Equity Index Fund, and 30% International Equity Fund.
  - (c) US Equity Index Fund: The US Equity Index Fund invests in a portfolio of common stocks as represented by the Russell 3000® index, but socially screened in alignment with the values of the church.
  - (d) Fixed Income Fund: The objective of the Fixed Income Fund is to earn current income by investing in a broadly diversified portfolio of fixed-income instruments. The fund holds publicly traded U.S. fixed income securities, and fixed income securities denominated in currencies other than the U.S. dollar. The fund also holds privately placed loans originated by the Positive Social Purpose Lending Program.
  - (e) Short Term Income Fund: The Short Term Income Fund objective is to maximize current income consistent with preservation of capital. The fund is a combination of multiple investment instruments of the Foundation. In periods of stable and falling interest rates, the short-term fund should outperform funds holding investments with shorter maturities.

The Investor may select the desired investment portfolio by choosing an allocation percentage (%) in any combination of the pooled funds. Total allocation shall sum to 100%.

9. Fees and Expenses. All funds held by the Foundation participate in the investment fees and expenses paid to fund managers on a pro-rata basis. In addition, each fund is charged the Foundation's administrative fee as described in this Agreement.

  - (b) The Investor agrees to pay and authorizes the Foundation to automatically withdraw fees and expenses from Investor's fund when they are due and payable. This Agreement constitutes the entire agreement of the parties, and all prior agreements or understandings regarding the subject matter of this agreement, whether written or oral, are of no further force and effect. The parties agree that the Foundation is not a bank, and that no trust is created by this agreement.
16. Publication. Unless otherwise noted in this agreement, the church/organization name can be listed in the reports and publications of the Foundation.
